Rebuilding Together Metro Denver / Catamount Constructors Aids Resident in Need

DENVER, Colorado -- As part of **Rebuilding Together Metro Denver's (RTMD)** '*National Rebuilding Day 2008*', RTMD and **Catamount Constructors, Inc. (Catamount)**, will provide aid to senior citizen Sylvia Hillen of 4330 West Center Avenue in Aurora, Saturday, April 26 from 7:00 a.m. to 5 p.m. A minimum of 45 skilled Catamount construction and carpenter employees will volunteer and donate their time and materials to perform a variety of home repairs including the installation of hand and guard rails on front porch and steps, replace front and rear entry doors and storm doors, installation of new light fixtures in bathroom and kitchen, new kitchen and bathroom flooring, patch, repair and paint ceilings, walls and trim in bathroom and kitchen and replace bathroom vanity and faucets.

RTMD's mission is to work in partnership with the community to rehabilitate the houses of low-income homeowners, particularly the elderly and disabled and families with children, so that they may live in warmth, safety, and independence. Their goal is to make a sustainable impact in partnership with communities. On '*National Rebuilding Day*', typically held on the last Saturday in April, the metro Denver chapter rehabs up to 40 houses, all within the time frame of a one-day event.

"Year after year, Catamount's employees continue to commit to Rebuilding Together Metro Denver, making a tremendous difference in our ability to accomplish our mission," said Laurie McCaw, RTMD Executive Director. "Our staff, volunteers and Board of Directors extend our gratitude to Catamount for helping us preserve dignity and hope within the Denver metropolitan community," McCaw added. "Having worked on the weekends for more than 20 years in a potato chip factory and having lived in her home for over 49 years, Ms. Hillen's story is one of survival and a steadfast commitment to community values. We are honored to have the opportunity to provide these home improvement services to someone that is so deserving," McCaw concluded.

Founded in 1997 with offices in Denver, Colorado and Atlanta, Georgia, Catamount is a privately held general contractor providing contracting services to owners and developers across the United States. Services include general contracting, construction management, design-build, cost estimating, conceptual budgeting, scheduling and value engineering. Markets served include retail, light industrial, multi-family, renovation / expansion, automotive, faith based, multi-family, hospitality and LEED / sustainable.

"Our mission on April 26th will be to unite our forces for one day to make a significant impact in someone's life. RTMD's mission is our mission and we feel privileged to be a part of such a powerful community event," said Jeff Cochran, Catamount Denver Division President.

For additional information on this event or to learn more about RTMD's non-profit organization, please contact Laurie Wagner, RTMD Development Director at 303.217.2074 or visit www.rebuildingdenver.org.
